The Venice Project online

Experience a virtual learning journey to enhance teams culture and performance in a playful way.

What ?

This browser-based management game takes you on a treasure hunt in the catacombs of Venice. As an expedition team, the participants set out in search of success. Good planning, efficient communication, clear goal definitions and good leadership lead to success even in the face of unexpected difficulties.

Why ?

- Effective onboarding of new employees
- Strengthening the cohesion of teams working independently of location
- Conveying key messages or visions in a playful form
- Understanding the success factors of high performance teams
- Learning to lead over distance
- Working in the VUCA world

How ?

- Facilitated workshop with browser-based game and web conference
- For one or multiple groups between 5-12 people
- Flexible duration from 2 up to 8 hours (topic-related inputs, feedback- or transfer tasks)
- Main learning focus adjustable to customers needs
