

The Tower Game

The best way to experience and apply the key factors for successful project management.

What ?

In this interactive game, they take on a project together from start to finish.

Take into account special customer requests and tight deadlines as they take on different roles to bring this project to a successful conclusion.

Why ?

- Experience and practice stakeholder management
- Develop insights into key factors of a successful project
- Deliver a tangible product
- Easily compare approaches between the participant teams

How ?

- In groups of 5-8 people
- In Workshops of 5 up to 300 participants
- Duration from 2 to 4 hours
- Seamlessly integrate into existing programs and workshops
- Customized scenarios and learning focus possible
